sporty, spacious & hybrid

The Arkana sports SUV looks like no other car in its class with its flowing lines and sleek coupé design. Sporty, Arkana also retains its SUV roots with ample interior space and generous boot space.

With a motor-sport inspired aerodynamic blade and diamond cut alloy wheels with warm titanium highlights, emotion is ever-present.

The C-shaped signature lighting boasts 100% LED headlights that improve visibility at night.

Exclusive E-Tech engineered design

Renault Arkana creates a stir with its E-Tech engineered full hybrid 145 version. The E-Tech engineered trim with the E-Tech hybrid powertrain embodies the best of what Arkana has to offer.

Distinctive E-Tech engineered styling will make you stand out from the crowd whilst experiencing an improved driving experience.

E-Tech engineered has mixed leather/suede upholstery with stitching, leather* steering wheel, carbon-like dashboard and aluminium pedals, the cockpit of the E-Tech engineered version exudes sportiness with a premium feel.

e-shifter gear lever not available in UK

simply hybrid

The efficient full hybrid E-Tech technology combines two electric motors and a petrol engine with a multi-mode clutchless gearbox. No need to plug it in – the battery charges during deceleration and braking.

The car always starts in electric mode, acceleration is crisp and dynamic. The car switches between electric and fuel powered seamlessly. This clever system allows you to reduce fuel consumption and enhances your driving experience with improved responsiveness.

immersive pleasure

E-Tech engineered has mixed leather/suede upholstery with gold stitching, leather* steering wheel, carbon-like dashboard and aluminium pedals, the cockpit of the E-Tech engineered version exudes sportiness with a premium feel. When it comes to driving, the multi-sense* system offers a choice of 3 driving modes and 8 interior ambient lighting for a personalised experience.

Alongside the 10''* digital instrument panel, you'll enjoy a 9.3''* portrait touchscreen.

portrait touchscreen with 3D navigation, hybrid voice recognition, applications store & traffic information

spacious & practical SUV

With capacity of 480 litres, the boot offers generous capacity and is easy to access with its large hatch door. Inside, there's plenty of space.

At the rear, passengers can enjoy plenty of headroom despite the sloping roofline of Arkana thanks to a clever orientation of the back seats designed to maximise space and comfort.

05. advanced driving assistance systems

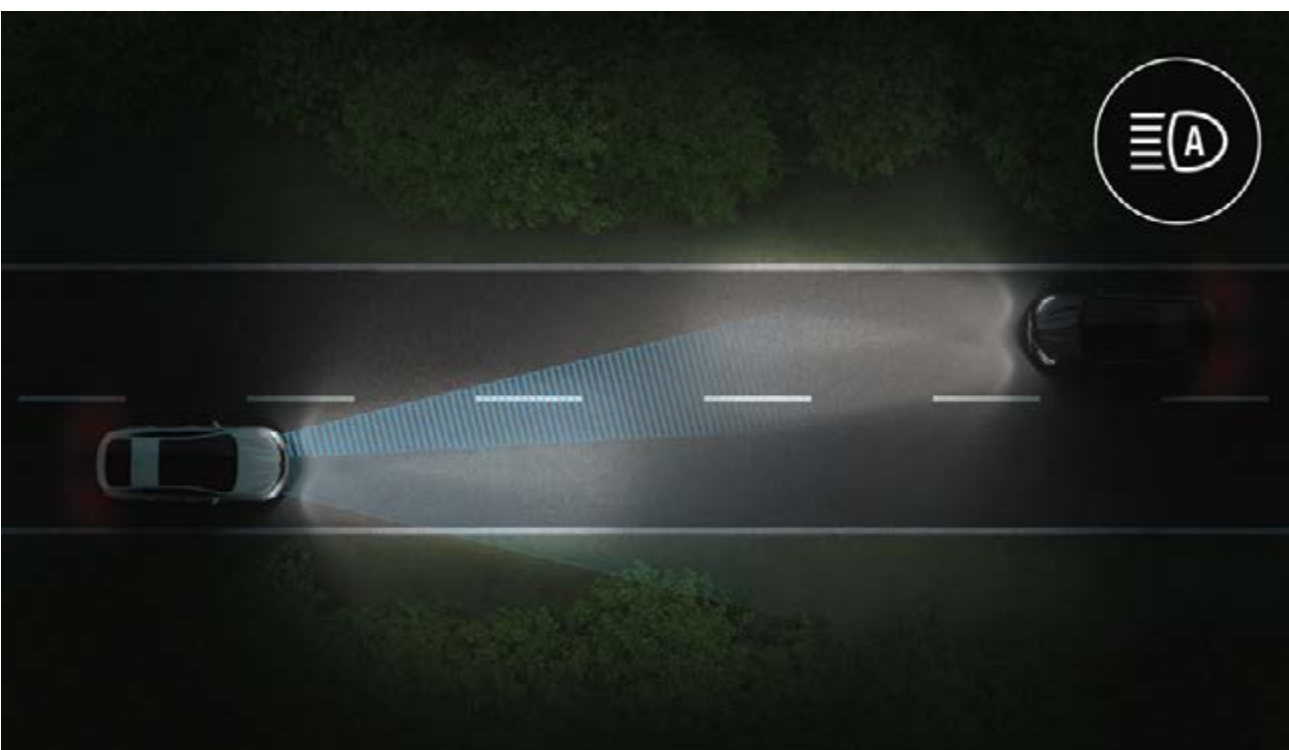

up to 18 advanced driver-assistance systems

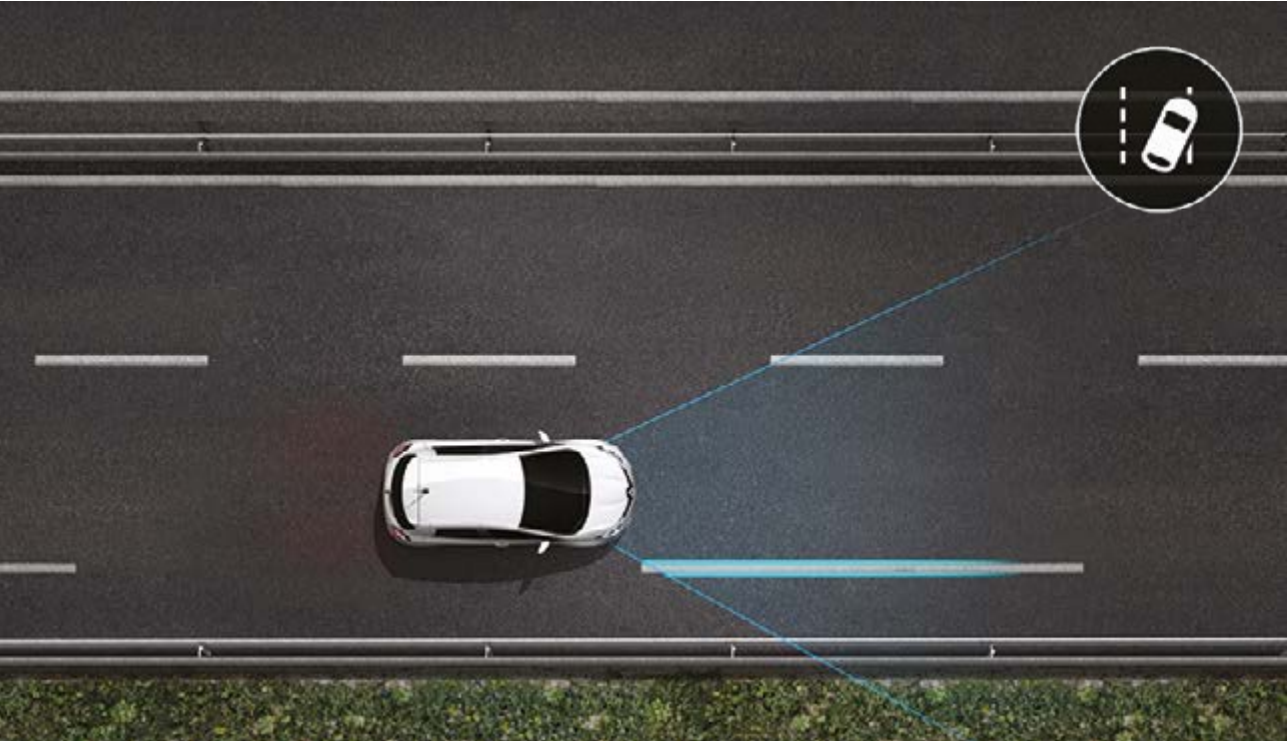

Renault Arkana comes with up to 18 innovative advanced driving assistance systems. Tried and trusted, it promises a safe and secure driving experience.

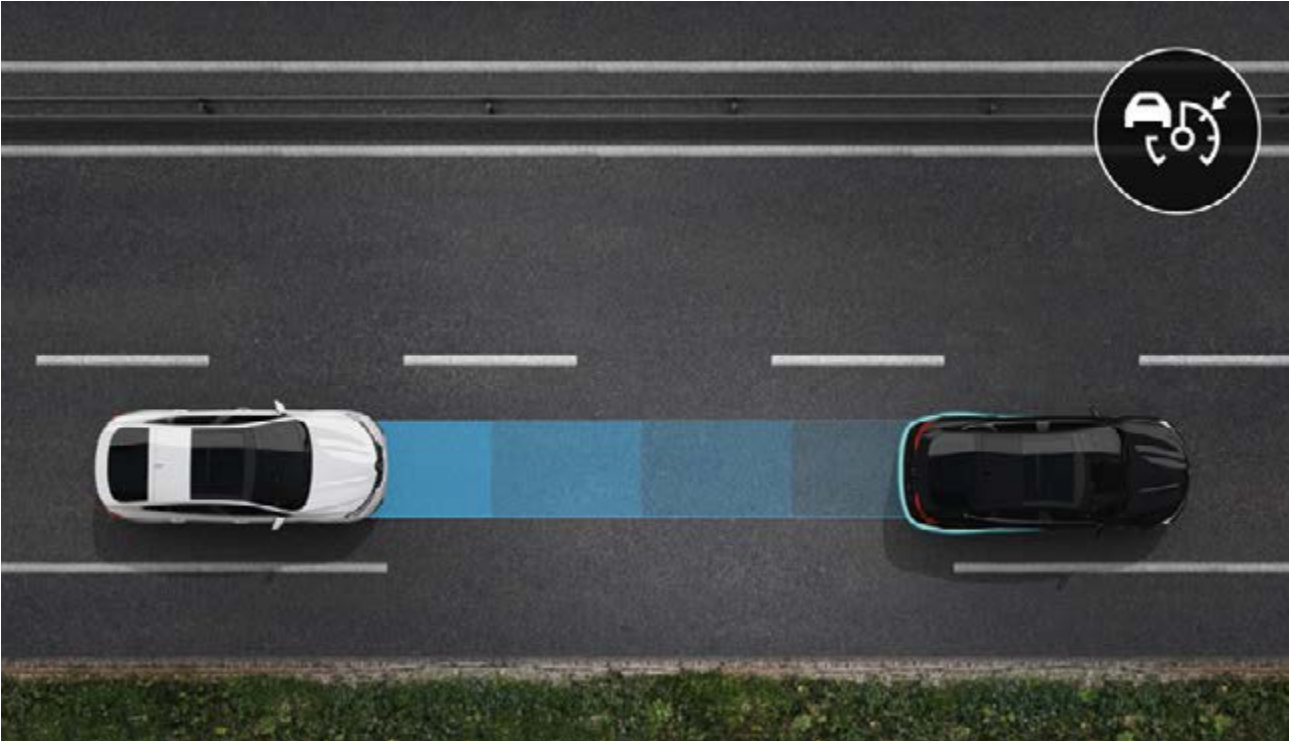

hands-free parking*
Parking made easy. Once the car has identified the parking space, it will park into it - all you need to do is control the throttle.

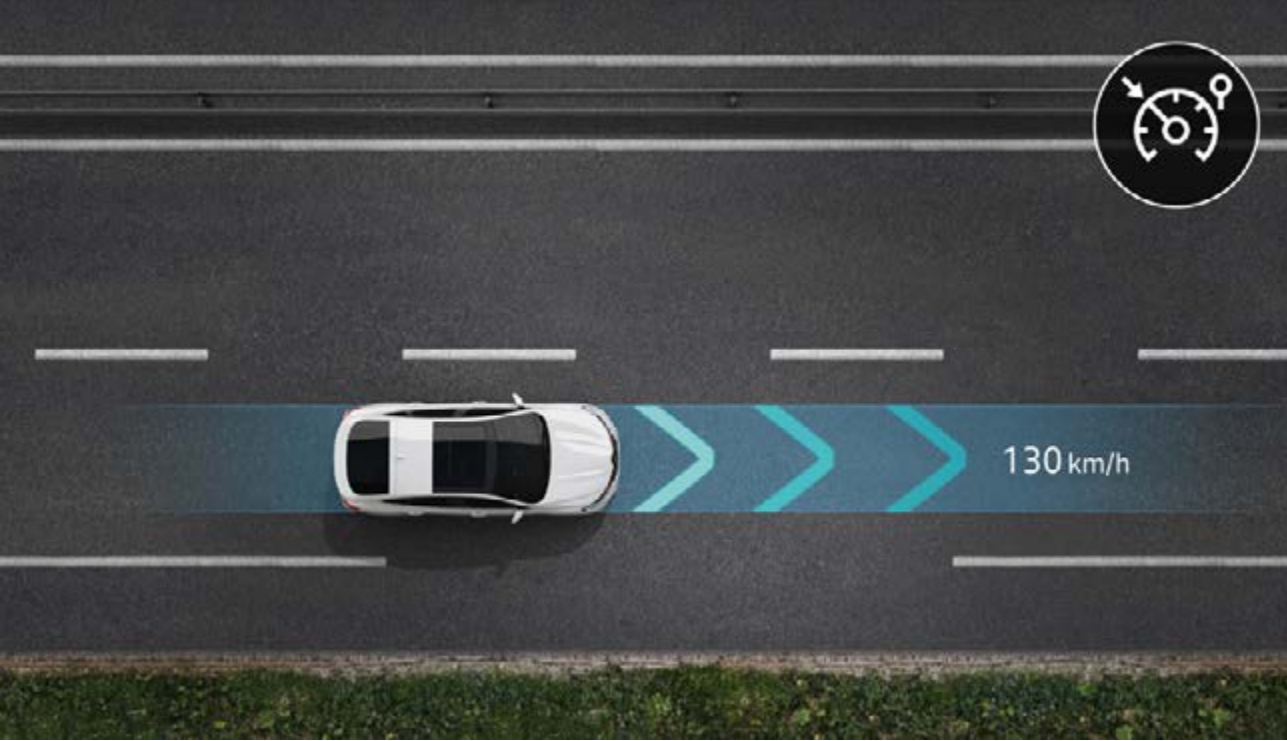

automatic high / low beam**
A camera positioned on the windscreen will detect the light flows and automatically switch from high to low beam when you enter a build-up area or cross another vehicle.

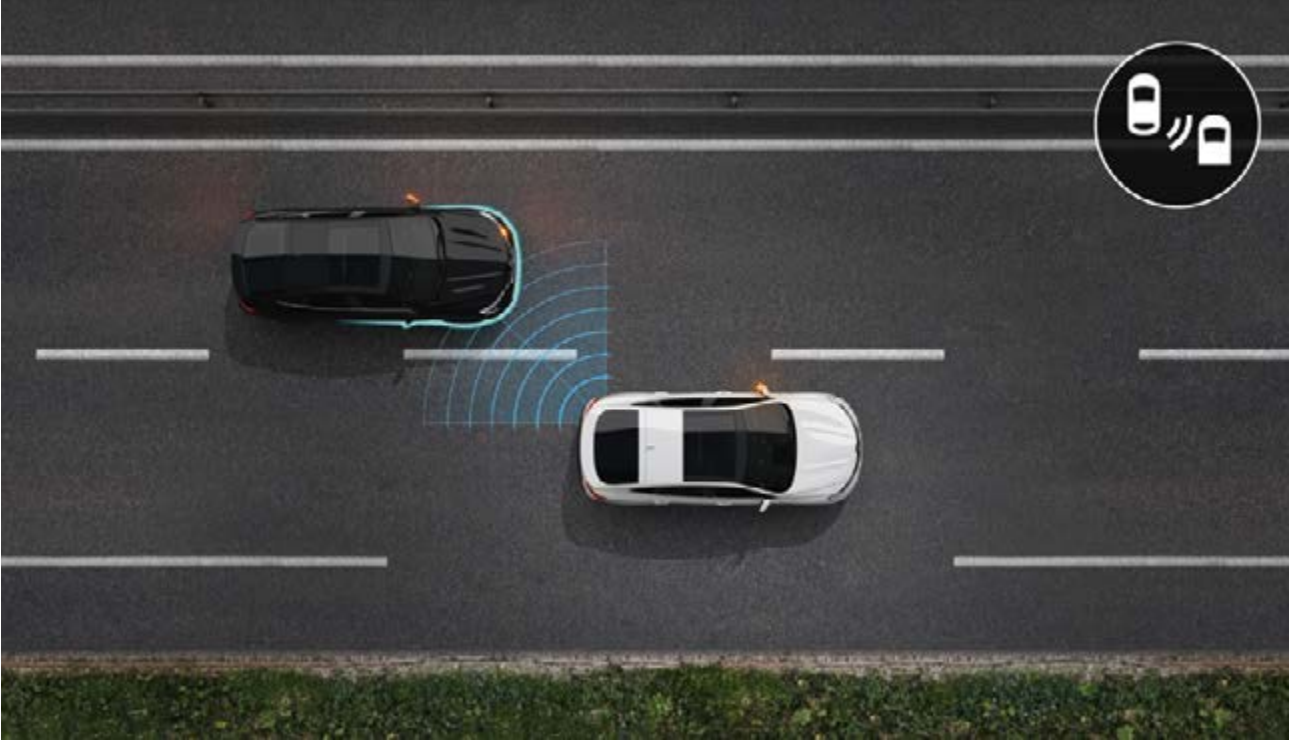

lane departure warning****
The system informs the driver of unintended crossings of a solid or broken line, using the camera located on the windscreen, behind the rear-view mirror.

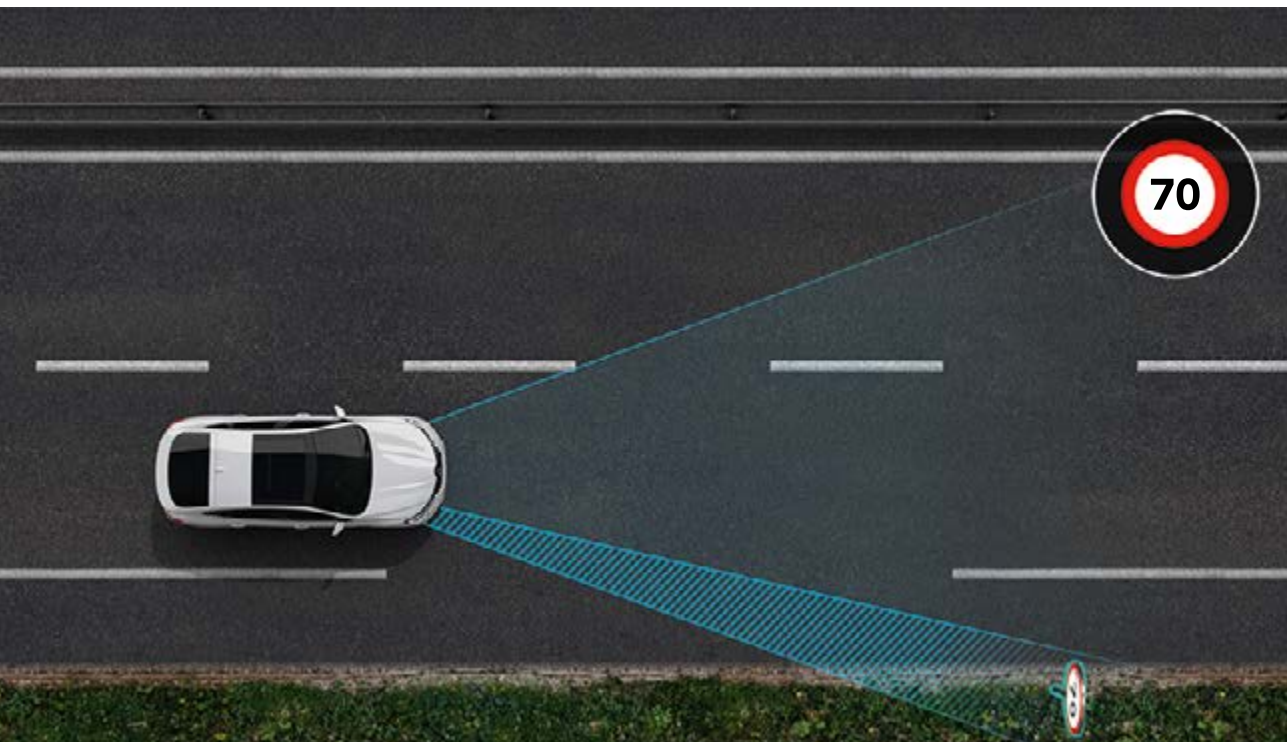

adaptive cruise control with speed limiter*
This cruise control will maintain a safe following distance from the vehicle in front with automatic inputs on the throttle and brakes.

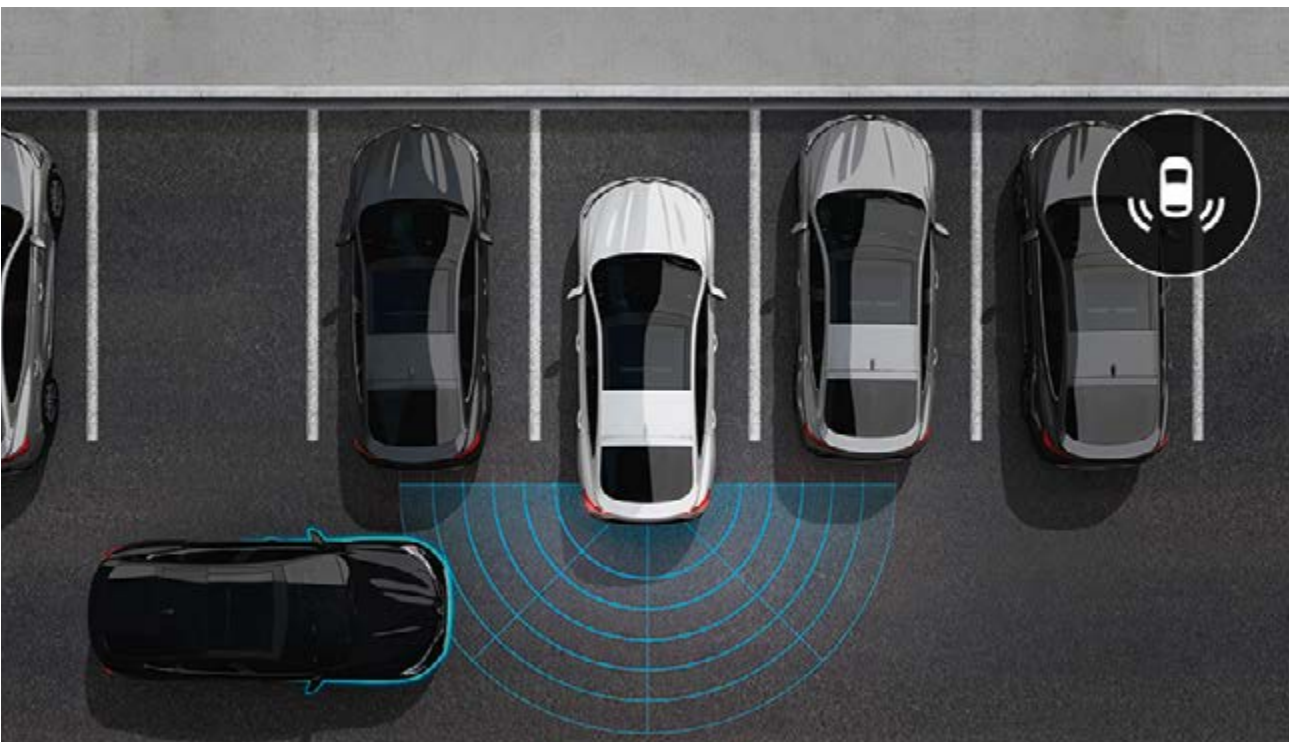

cruise control with speed limiter***
Control your speed while driving using the buttons on the steering wheel and set your maximum speed to ensure you stay within the limits.

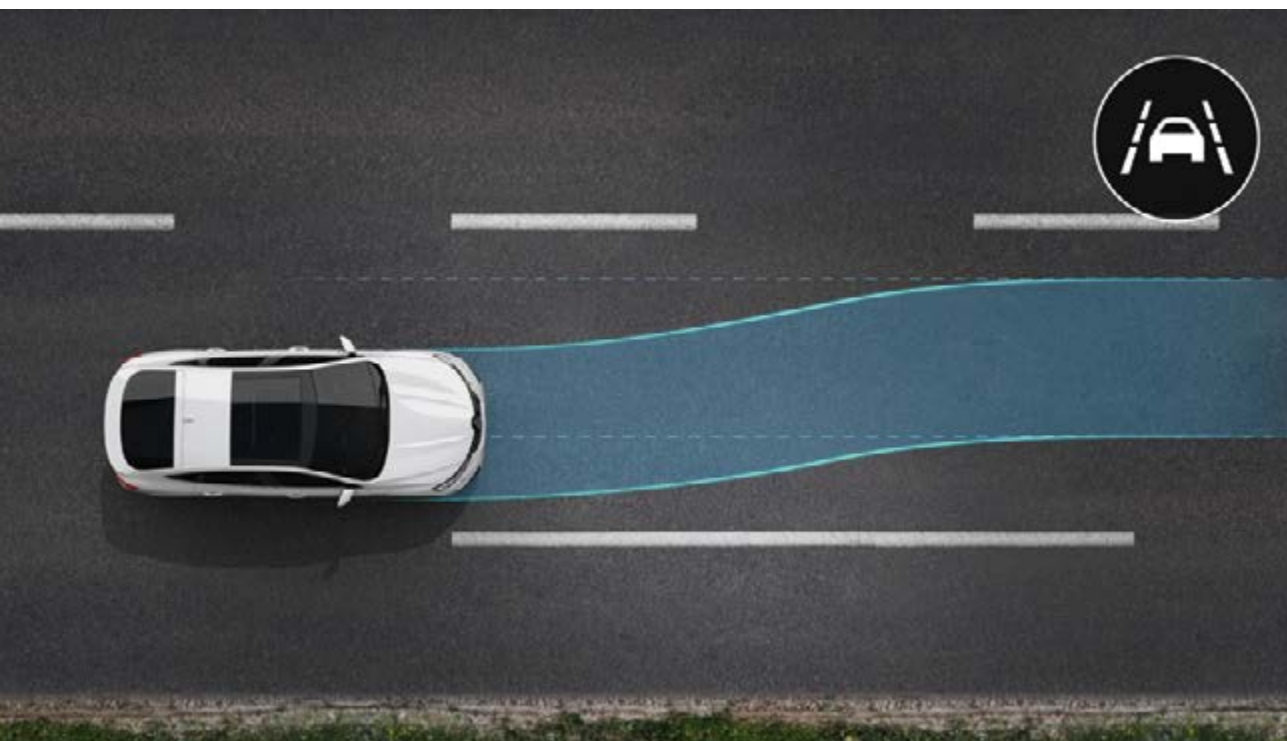

blind spot warning**
A sensor will detect vehicles in your blind spot and will warn you via a light signal on your door mirrors.

traffic sign recognition****
A camera will read traffic signs and display them in your instrument panel so you are always aware of speed limits.

rear-cross traffic alert**
A sensor will check vehicles you cannot see when pulling out of a parking space.

lane keep assist****
Alerts you and gently corrects your trajectory if your vehicle changes lane without signalling.

- in addition:**
- Active emergency braking system (AEBS)
 - distance warning alert
 - traffic sign recognition with overspeed warning**
 - hill start assist
 - front parking sensors**
 - rear parking sensors
 - rear-view camera
 - automatic headlights
 - automatic windscreen wiper with rain sensors

60.1 (4.7)	

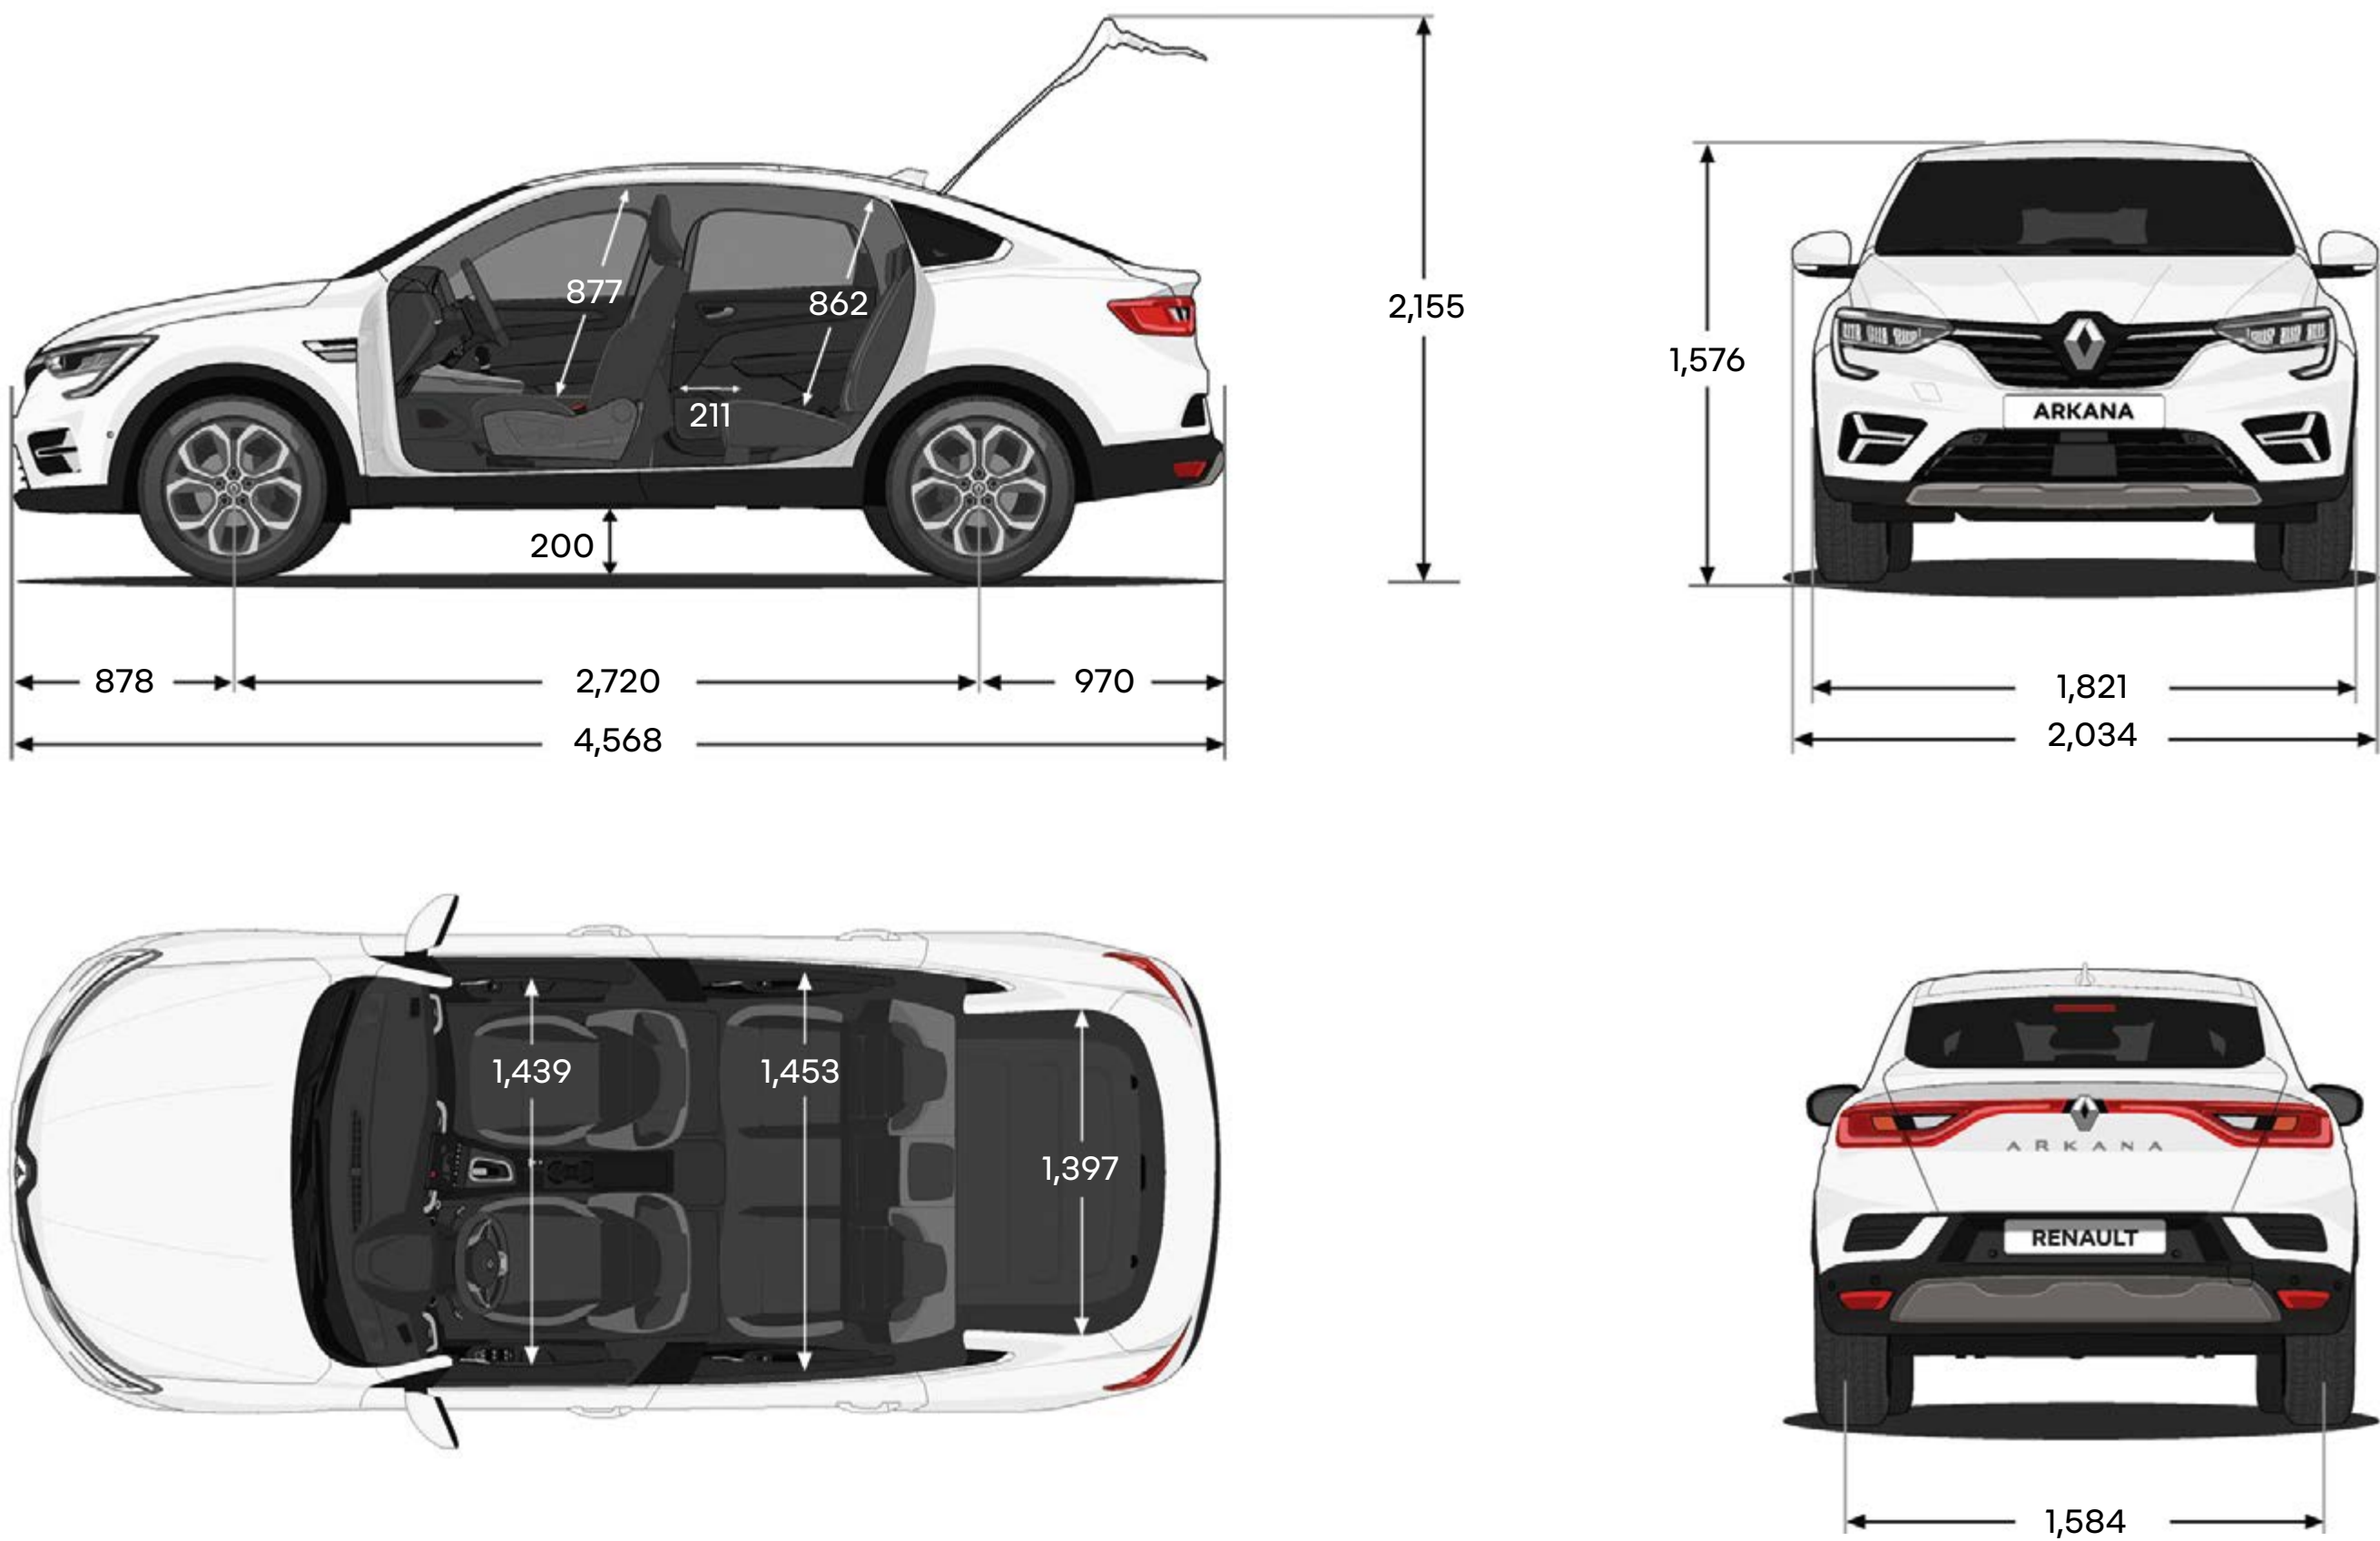

(1) fuel consumption and CO₂ emissions are certified using a standard, regulatory method. It is identical for all manufacturers and allows vehicles to be compared.

(2) WLTP figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. Actual real world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP is a new test used for fuel consumption and CO₂ figures however until April 2020 the CO₂ figures are based on the outgoing (NEDC) test cycle which will be used to calculate vehicle tax on first registration. Please visit [renault.co.uk/configure](https://www.renault.co.uk/configure) for WLTP figures for any selected options.
